

Great Showing of Fall Millinery

Rich glowing autumn is here with its scarlet sunsets, its mass of golden red and oak leaves. This gorgeous autumnal beauty is reflected in our Millinery Department in a wealth of superb colors and fascinating styles. The new Turle shape, it has apparently no crown, although there is a head-piece underneath so as to pose on the head correctly. The exquisite Tapestry, Turkish, Persian and Royal colors, are not confined to a few choice articles, but this oriental splendor enhances the beauty of every article of our Millinery. Visit this department for up to date Millinery, prices right.

THIRTY KILLED IN WRECK

MANY INJURED IN COLLISION NEAR FORT WAYNE, IND.

Some of These Probably Fatally Hurt. Limited Car and a Local Come Together on Wabash Valley Line.

Fort Wayne, Ind., Sept. 21.—Thirty persons were killed in a collision between the southbound limited and the northbound local cars on the Fort Wayne and Bluffton branch of the Wabash Valley traction line at Kingsland, Indiana.

Kingsland is eighteen miles south of Fort Wayne.

Many persons are injured, some of them, it is believed, fatally.

The cars were running at full speed and met on a curve a quarter of a mile north of Kingsland and before the cars could be brought under control of the brakes, the crash came.

The thirty dead are said to be lying on the ground in nearby fields while ten others are suffering from injuries they can hardly survive.

A special car with physicians and a possible emergency relief was hurried to the scene.

Another report says the dead will number twenty.

A later report places the dead at thirty-nine or forty. Among the dead identified are Douglas Cook, a grocer, Bluffton; Seymour Robinson, Bluffton; candidate for county auditor; Will Dean Beers, a policeman, Bluffton; J. Lloyd Brown, a newspaper man, Bluffton; Lewis Tuttle, a hardware merchant, Bluffton.

EIGHTEEN WERE INJURED

TRAIN RUNS INTO A WRECK IN A FOG.

One Accident Quickly Follows Another. Illinois Central Railroad.

Central City, Ky., Sept. 21.—Eighteen men were injured early today, several seriously, as the result of the engine and baggage car of the fast Louisville-New Orleans train on the Illinois Central railroad crashing into a freight wreck.

Last night two freight trains came together at White Plains, about seven or eight miles above Paducah, and when the fast passenger train came through last night eighteen or twenty men were put aboard the baggage car and sent to the scene of the wreck to clear it away. The coaches were detached some distance above the wreck and the engine and baggage car went on, having received information that a red light had been placed on the dobars. Owing to the heavy fog, however, it was impossible to see the light, and the engine crashed into the wreck. Shelby Carter, who was riding the front of the engine, and both coaches so badly crashed that it was necessary to amputate limbs and a man named Jones had one leg broken. The other men in the baggage car were painfully, though not seriously, hurt by falling trunks and baggage. All of them were taken back to Central City with the exception of Jones, Carter and several others who were rushed to Paducah for treatment.

PLOT TO KILL EMPEROR

PLOTTERS ARE ARRESTED AND PLACED IN JAIL.

Certain to be Sentenced to Death After Trial Before Special Court.

Tokio, Sept. 21.—A sensation was created by the publication this afternoon of the alleged details of a plot among his own subjects to assassinate Emperor Meiji.

The startling story appeared in the Hochi Shimbun, which states that the plotters, who are under arrest, certainly will be sentenced to death after trial before a special court.

This is the first time in the history of the country that the life of the sovereign has been plotted against by his own countrymen and the fact known.

It is said a vigorous censorship prevented the publication of so much as a hint of the plot until this evening when the Hochi Shimbun assumed responsibility for the alarming announcement. The paper's assertions are not without a show of authority.

There are now in jail in this city several persons who are alleged to be active in the "Allied Socialist" movement, and those who may be considered to be responsible state, as does the Hochi Shimbun, that the arrests followed the discovery of a conspiracy against the emperor.

OIL MEN TO PROTEST.

Oklahoma Producers Appeal to Government.

Tulsa, Okla., Sept. 21.—The Oklahoma Oil and Gas Producers' association today made a direct appeal to the United States attorney general for investigation by the department of justice into the alleged discrimination in prices paid for oil by the purchasing agencies.

The Prairie Oil and Gas Company today announced an advance of ten cents per barrel on fuel oil.

MISS LEVENE IS HOOTED

DR. CRIPPEN'S TYPIST TARGET FOR CROWD'S JEERS.

The Doctor and Girl are Held For Trial For Murder of Belle Elmore.

London, Sept. 21.—Ribel Clara Levene was hooted and jeered at today by a crowd of men and women that awaited her arrival at the Bow street police court. The trial of Miss Levene and Dr. Hawley Crippen is drawing a close and this fact probably accounted for the unusual number of persons who gathered for a possible view of the prisoner.

A group of women followed the car occupied by the accused girl through the streets to the police court, yelling their opinions of the typist. In front of the court building, a crowd hooted derisively.

Miss Levene held an open umbrella before her face and was fairly anxious to escape observation.

The financial affairs of the Crippens were come into today in line with the prosecutor's opening assertion that the doctor at the time of Belle Elmore's disappearance was pressed for funds and that the death of the woman was to the monetary advantage of the husband. The manager of a bank testified that Mrs. Crippen notified the institution on December 15, 1909, of the withdrawal of a joint account which she and Crippen kept there.

At the close of the police court proceedings today Dr. Hawley H. Crippen and Ribel Clara Levene were committed for trial charged with the murder of the doctor's wife, Belle Elmore. Solicitor Newton has reserved his defense for the trial proper.

BOARD OF HEALTH.

Met Last Night in the Office of the Mayor.

The Board of Health met last night in called session in the mayor's office. There were present with the board, Mayor Byrd, Alderman G. W. Wilson and Judge J. W. Manning. Dr. Ed Beaton presided with Dr. J. W. Swindell secretary.

The matter of tuberculous cows was freely discussed.

Dr. J. E. Williams, chairman of the Sanitary Committee reported that his committee had made an inspection of the county jail and found it in excellent condition. The walls are calcined, the wood work painted, the cells kept clean and everything made as comfortable as possible. He said he had visited several jails and this was the best he had ever seen. The air is pure and wholesome and not of fetid air as is the case with so many jails.

Judge Manning said he appreciated the interest taken in sanitation by the Board of Health, and would be glad of inspection at any time and if they have recommendations to make he would gladly see that they are followed.

After some further discussion of sanitary matters the Board adjourned.

CLUBS ARE LOOKED INTO

STATE AUTHORITIES MAY BE TRYING TO STOP THEM.

Assistant Attorney General Ledy is in Dallas on Private Business He Says.

Dallas, Tex., Sept. 21.—According to statements made by various officers there are about five negro clubs and twenty for whites chartered in this city and the purpose they have or being chartered is in order that the members may have a place in which to quench their thirst on Sunday. According to the officers, however, this is not the worst feature of the clubs by any means. If drinking was all that was indulged in they say that it would not be so bad. They claim, however, that gambling is indulged in and this more than anything else is what they are attempting to break up.

Assistant Attorney General Ledy was in Dallas this morning and both during the morning hours and also this afternoon he was in consultation with Mayor Hay and Chief of Police Ryan. When Mr. Ledy was asked the object of his trip to Dallas he replied that it was on some personal business.

"If you put anything in the paper about me being here," said Mr. Ledy, "I wish you would not speculate on the object of the visit. It is possible that I might be able to give out something of interest later on but at this time there is absolutely nothing that would be of any interest. I am in Dallas on private business."

Despite the fact that Mr. Ledy says he is in Dallas on private business it is believed by those who know him that Mr. Ledy is here in connection with the Sunday clubs. It is pointed out that the assistant attorney general could hardly have "private" business with Mayor Hay and Chief of Police Ryan. Neither the mayor nor Chief Ryan would make any statement as to what Mr. Ledy was in Dallas for, but from information from a reliable source there is no question but what the Sunday club proposition in Dallas is receiving the attention of the attorney general's department.

Voice Culture Class.
Mrs. Frances White will begin the season of 1910-11 in voice culture on Monday, Sept. 25th. Arrangements can be made by phone. Southwestern phone No. 379.
